**In collaboration with**  
**RAJIV GANDHI UNIVERSITY OF HEALTH SCIENCES, Bengaluru**

**File No.22-24/Ph.D/2022**

**Dated: 20<sup>th</sup> December, 2022**

**RESEARCH TOPIC PRESENTATION FOR 17TH BATCH STUDENTS**

<b>S No.</b>	<b>Name of the Candidate</b>	<b>Research Topics</b>
1.	<b>Ms. Poonam Ahlawat</b> Assistant Professor, Faculty Of Nursing SGT University, Gurugram, Haryana	<ol style="list-style-type: none"><li>1. A mixed method study to assess effectiveness of simulation-based training on skills competencies regarding comprehensive mental health assessment among nursing students studying in selected colleges of Delhi, NCR.</li><li>2. Effectiveness of resilience building interventional programme on academic stress, resilience, anxiety, depression and suicidal ideation among students preparing for competitive examination in selected coaching institutes of Delhi, NCR.</li><li>3. Exploratory study to assess cognitive impairment and its associated factors in order to develop an instructional module on non-pharmacological strategies to delay cognitive changes among elderly people residing in old age home of Delhi, NCR.</li></ol>
2.	<b>Ms. Keerthi Mohanan</b> Psychiatric Nursing College of nursing, AIIMS Patna	<ol style="list-style-type: none"><li>1. To evaluate the effectiveness of “WHO-Toolkit on quit tobacco” on their readiness to quit and level of motivation to remain abstinent on persons using smoke tobacco and visiting pulmonary OPD in a selected hospital of Patna.</li><li>2. A descriptive study to assess the relationship of resilience and optimism in recovering ADS patients enrolled with alcoholic anonymous group in India.</li><li>3. An exploratory study to assess the use of Cannabis/Bhang among persons with bipolar disorder visiting selected hospital of Bihar and role of family care giver in treatment adherence.</li></ol>

3.	<p><b>Mr. Saleem TK</b>          Psychiatric Nursing          Assistant Professor,          Govt. College Of Nursing,          Kozhikode, Kerala</p>	<ol style="list-style-type: none"> <li>1. Validation and psychometric testing of Nurses' Observation Scale for Inpatient Evaluation (NOSIE-30) in a tertiary care psychiatric unit in Kerala, India.</li> <li>2. A study to evaluate comparative efficacy of the 12-item World Health Organization Disability Assessment Schedule II (WHO-DAS II) and The Indian Disability Evaluation and Assessment Scale (IDEAS) in disability assessment in patients with mental disorders.</li> <li>3. Effectiveness of Graded-Cognitive Skill Training in long-term hospitalized patients with mental disorders.</li> </ol>
4.	<p><b>Ms. Chitra Bora</b>          Psychiatric Nursing          Nursing Tutor, Dept. of Psychiatric          Nursing, LGB Regional Institute of          Mental Health, Tezpur, Assam</p>	<ol style="list-style-type: none"> <li>1. A mixed method study to develop nursing intervention module for enhancing mental wellbeing of primary care givers of elderly with mental health issues attending geriatric mental health unit of a tertiary mental health care institute of North East region of India</li> <li>2. A mixed method study to develop and test the efficacy of online training module on Geriatric mental health care for primary care nursing personnel in selected primary health centres of Sonitpur district of Assam.</li> <li>3. A study to explore the issues of institutionalized elderly and develop a nursing intervention module for elderly living in selected old age homes of Assam</li> </ol>
5.	<p><b>Ms. Riti Merin Abraham</b>          Medical Surgical Nursing          Staff Nurse          Regional Cancer Centre          Trivandrum, Kerala</p>	<ol style="list-style-type: none"> <li>1. Effectiveness of transitional care bundle on self efficacy, discharge outcome and quality of life of patients with hematological malignancies in Regional Cancer Centre, Thiruvananthapuram, Kerala</li> <li>2. A comparative study to assess age and gender variations on illness perception, treatment related decisional conflict and psychosocial adjustments among newly diagnosed cancer patients in a Regional cancer centre, Thiruvananthapuram, Kerala.</li> <li>3. Effectiveness of tailored educational interventions on nutritional status, oral mucositis and functional status among head and neck cancer patients undergoing radiation therapy in Regional Cancer Centre, Thiruvananthapuram.</li> </ol>

6.	<p><b>Ms.Manju R</b> Community Health Nursing Staff Nurse, Department of Transfusion Medicine, The Tamil Nadu Dr.M.G.R Medical University Chennai.</p>	<ol style="list-style-type: none"> <li>1. A Mixed Method study to determine the Competencies and explore the Facilitators, Barriers and job satisfaction in delivering quality health care services among Mid-level Health Provider (MLHPs) with the view to develop Performance Appraisal Tool in selected HWCs in Tamil Nadu.</li> <li>2. A study to evaluate the Donor Retention Programme on knowledge and Attitude regarding blood donation and the Blood Donation Behaviour among Deferral Blood Donors attending Voluntary Blood Donation camps in Chennai.</li> <li>3. Impact of Life - saver's Education programme on Haematopoietic stem cell donation and willingness to donate and join Haematopoietic Stem Cell Donor registry among Voluntary Blood donors attending voluntary blood donation camp at selected areas of Chennai.</li> </ol>
7.	<p><b>Ms. Ponnambily Chandy</b> Community Health Nursing Assistant Professor Sathyabama College of Nursing Chennai, Tamil Nadu</p>	<ol style="list-style-type: none"> <li>1. A study to assess the expected, performed roles and job satisfaction of staff nurses in Urban Primary Health Centers (UPHCs) in Chennai Corporation, with a view to develop Standard Operating Procedures (SOPs) for comprehensive primary health nursing care</li> <li>2. A study to determine the performance and challenges of implementing Population Based Screening of Common Non-Communicable Diseases (NCDs) among NCD staff nurses in Urban Primary Health Centers (UPHCs) in Chennai Corporation with a view to develop Standard Operating Procedures (SOPs) and nursing care algorithms for NCDs</li> <li>3. A study to determine the effect of Community Empowerment related to Flood Preparedness on knowledge, attitude and readiness to respond during floods among youth living in flood prone areas of Chennai Corporation.</li> </ol>

8.	<p><b>Mr. Manish Kumar Balai</b> Community Health Nursing Tutor College of Nursing, AIIMS Jodhpur</p>	<ol style="list-style-type: none"> <li>1. A study to assess the effectiveness of competency based training for peripheral health personnel on selected parameters and satisfaction of services among beneficiaries under Rashtriya Bal SwasthyaKaryakram (RBSK) in western Rajasthan.</li> <li>2. A study to assess the impact of enhancing skills and proficiency training programme on selected parameters of Ayushman Bharat Scheme among community health officer at selected health and wellness centre of Jodhpur.</li> <li>3. Impact of Nurse led population based screening on prevalence of anemia and its management among adolescents girls at selected area of Jodhpur.</li> </ol>
9.	<p><b>Ms. Sonam Yangchen Bhutia</b> Community Health Nursing Nursing Officer Sir Thutob Namgyal Memorial (STNM) Hospital Gangtok, Sikkim</p>	<ol style="list-style-type: none"> <li>1. A quality improvement project to reduce the incidence of pressure ulcer using Braden scale and protocol on pressure ulcer prevention and management by the nurses among the patient's admitted in a tertiary care hospital of Sikkim.</li> <li>2. A quality improvement project to reduce the incidence of phlebitis related to the use of peripheral intravenous catheter using VIP score and protocol on prevention and management of phlebitis by the nurses among the patient's admitted in a tertiary care hospital of Sikkim.</li> <li>3. Study to evaluate the effectiveness of nurse directed cardiovascular risk assessment and intervention for common CVDs in a tertiary care hospital of Sikkim.</li> </ol>
10	<p><b>Mr. MansinghJat</b> Community Health Nursing Sr. Nursing officer, AIIMS, New Delhi</p>	<ol style="list-style-type: none"> <li>1. Efficacy of nurse lead Integrative cardiac rehabilitation in CAD patients: A Randomized Control Trial</li> <li>2. Effect of Nurse lead integrative intervention on Burnout, stress and psychological wellbeing among Nurses working in Tertiary Care Center: A randomized controlled trial</li> <li>3. Applying workload indicator of staffing need(WISN) method in General ward, specialized ward and ICU in a tertiary care hospital in India: challenges and implication for human resource for health policy.</li> </ol>

11	<p><b>Lt Col. Chitra Nair</b>  Community Health Nursing  GD MATRON  Military Hospital Kota  Military Station Kota  Rajasthan  PIN- 324001</p>	<ol style="list-style-type: none"> <li>1. An exploratory study to assess the unmet need of family planning and its determinants among young married women of urban India - a mixed method study</li> <li>2. A mixed method study to assess the perception regarding menstrual health and hygiene (MHH) and explore the practices among rural adolescent girls in a selected school of Rajasthan</li> <li>3. An exploratory study to assess the utilization and determinants of Maternal Health Care Services by married women in selected villages of Rajasthan.</li> </ol>
12	<p><b>Ms. Sanjukta Dixit</b>  Psychiatric Nursing  ASST. PROFESSOR, KINS  Bhubaneswar, Odisha</p>	<ol style="list-style-type: none"> <li>1. Effect of Nurse Led brief intervention on depression, craving and risk for withdrawal among alcohol dependent individuals residing in selected community areas of Bhubaneswar, Odisha</li> <li>2. Effect of Nurse Led intervention package on Medication Adherence and relapse severity Among schizophrenia clients Admitted in a Tertiary Care Hospital Bhubaneswar , Odisha</li> <li>3. Effect of dual task program on quality of life and cognitive function of healthy older adults .</li> </ol>
13	<p><b>Ms. Anu Grover</b>  OBG Nursing  Simulation Training Officer  National Reference Simulation Centre  SGT University</p>	<ol style="list-style-type: none"> <li>1. A study to assess the effectiveness of skill and Simulation Based Education on psychomotor skills and non technical skills regarding implementation of planned parenthood among the community health nurses in Delhi, NCR.</li> <li>2. A true experimental study to know the effectiveness of simulation teaching with low dose high frequency (LDHF) training on Newborn Resuscitation regarding knowledge and protocol adherence among the 4<sup>th</sup> year B.Sc. Nursing students of selected nursing colleges of Haryana</li> <li>3. A comparative study to evaluate the effectiveness of drill and simulation on knowledge, self efficacy, self perceived confidence related to hypertensive disorders during pregnancy among the 4<sup>th</sup> year B.Sc. N students of selected colleges of Haryana.</li> </ol>

14	<p><b>Ms. Hemlata</b>          OBG Nursing          Tutor/Clinical Instructor          AIIMS Jodhpur</p>	<ol style="list-style-type: none"> <li>1. A study to assess the effectiveness of crafted antenatal package on the peripartum process among antenatal mothers with Gestational Diabetes Mellitus attending antenatal OPD at AIIMS Hospital, Jodhpur, Rajasthan</li> <li>2. A study to evaluate the effectiveness of Nurse-led Comprehensive Lactation Management Module (NLCLM) on early establishment of Breastfeeding among postnatal mothers delivered at AIIMS Hospital, Jodhpur.</li> <li>3. A study to evaluate the effectiveness of WHO Abortion care guidelines on enabling an environment for comprehensive abortion care among women with abortion attending Antenatal OPD at AIIMS Hospital Jodhpur.</li> </ol>
15	<p><b>Ms. M Lakshmi</b>          OBG Nursing          SNC, Rajendra Institute of Medical Sciences, Ranchi.</p>	<ol style="list-style-type: none"> <li>1. A mixed method study to assess the feasibility, progress and perceived barriers of implementing midwifery initiatives amongst health administrators in India</li> <li>2. A mixed method study to assess the competency, skills &amp; maternal satisfaction among SBA trained Vs untrained nurses in Maternity unit.</li> <li>3. A mixed method study on knowledge, attitude &amp; utilization of youth friendly services regarding ARSH among adolescents in rural &amp; urban areas.</li> </ol>
16	<p><b>Mr. Sharun N V</b>          Medical Surgical Nursing          Assistant Professor          College Of Nursing          All India Institute of Medical Sciences (AIIMS), Mangalagiri , Andhra Pradesh</p>	<ol style="list-style-type: none"> <li>1. A mixed method study to explore current bedside handing over practices including the challenges and barriers experienced by staff nurses in a selected hospital and evaluate the effectiveness of bedside hand over training program on their knowledge, attitude and practice.</li> <li>2. A study to explore patients' experience and associated factors of peripheral phlebitis after IV cannulation and effectiveness of VIP (Visual Infusion Phlebitis) score led nursing intervention on selected outcomes among patients admitted in a selected hospital.</li> <li>3. A study to evaluate the effectiveness of nurse led bladder retraining program among long term catheterized hospital patients on time taken for the re-establishment of bladder control and other selected outcomes after removal of catheter in a selected Hospital.</li> </ol>

17	<p><b>Mr. KurvatteppaHalemani</b>  Pediatric Nursing  Teaching faculty  College of Nursing, Sanjay Gandhi  Post Graduate Institute of Medical  Sciences (SGPGIMS),Lucknow, Uttar  Pradesh.</p>	<ol style="list-style-type: none"> <li>1. An evaluative study to assess the effectiveness of technological based and traditional based Nurse-LED interventions on preoperative anxiety, stress and parental satisfaction among parents of children undergoing elective surgery at selected hospitals in north India.</li> <li>2. An experimental study to assess the analgesic effect of non-pharmacological interventions on term healthy infants undergoing Penta vaccination at selected vaccinations centers in North India</li> <li>3. A mixed method study to assess the parents' perceived experience of having gastro-intestinal stoma and satisfactory care received in the pediatric surgical units in selected hospitals of north India.</li> </ol>
18	<p><b>Ms. Joyce Joseph</b>  Pediatric Nursing  Lecturer  AIIMS Raipur</p>	<ol style="list-style-type: none"> <li>1. Designing and Testing a tool to measure self care agency Based on the Orem's self care Model in children with sickle cell disease: a Mixed Methods Study</li> <li>2. Development and validation of a scale in assessment of Transition Readiness in Adolescents with Sickle Cell Disease, Through the Lens of Transitions Theory</li> <li>3. A quasi-experimental study to assess the effectiveness of a capacitate programme on building emotional skills and competences to cope with bullying among school aged children in selected schools of Raipur.</li> </ol>
19	<p><b>Ms. Sofiya Princess Hema.S</b>  Medical Surgical Nursing  Associate Professor,  PSG College of Nursing, Coimbatore.</p>	<ol style="list-style-type: none"> <li>1. A mixed method study to explore the experiences and impact of obesity and to evaluate the effectiveness of obesity reduction program on knowledge, quality of life, selected anthropometric, physiological and laboratory parameters among obese women in selected settings of Coimbatore</li> <li>2. An experimental study to evaluate the effectiveness of hands on skill training program regarding first aid management on selected competencies among school teachers of selected schools of Coimbatore</li> <li>3. A study to evaluate the effectiveness of simulation based teaching in critical care nursing on skill, self-confidence, anxiety and satisfaction among B.Sc Nursing students in selected colleges of Coimbatore.</li> </ol>

20	<p><b>Mr. Atul Sharma</b> Psychiatric Nursing Assist. Prof INER AIIMS Bathinda</p>	<ol style="list-style-type: none"> <li>1. Effectiveness of Peer - Tutoring On Rejection of Substance Use and Self-efficacy To Remain as Abstainer Among Students of University of Malva Belt</li> <li>2. A Mixed Method Study To Explore The Coping Skills To Re-establish Family Relationships And Healthful Life Style Among Sober Alcoholic Dependent Patients In Punjab Region.</li> <li>3. To Study The Relationship of Family Support, Social Support, Treatment Adherence and Abstinence Among Patient Enrolled For Opioid Substitution Therapy (OST) In A Selected Hospital of Bathinda</li> </ol>
21	<p><b>Ms. Mary Reline S</b> OBG Nursing Associate Professor St Philomena's College of Nursing, Bengaluru.</p>	<ol style="list-style-type: none"> <li>1. An experimental study to evaluate the effect of Motivational Interviewing (MI) on fear of childbirth, attitude towards childbirth, factors affecting prenatal attachment, labour worry levels, childbirth self efficacy beliefs, and perinatal outcome among Primigravid women in selected maternity hospitals, Bengaluru, Karnataka.</li> <li>2. A study to evaluate the Effect of Midwife Led Instructional Strategies (MLIS) on reproductive health behaviour and factors in maintaining fertility among youth in selected PU colleges, Bengaluru, Karnataka.</li> <li>3. A randomized controlled trial to evaluate the effect of Nurse Led Self Efficacy Based Intervention (SEBI) on lactational health promoting behaviour among mothers during their pregnancy and immediate postpartum period in selected hospitals, Bengaluru, Karnataka.</li> </ol>
22	<p><b>Ms. Bendangnaro</b> OBG Nursing College Of Nursing, Assistant Professor Christian Fellowship Hospital , Oddanchatram, Dindigul District-624619 Tamil Nadu.</p>	<ol style="list-style-type: none"> <li>1. A quantitative study to assess the effectiveness of nurse led simulation based training to improve assertiveness, communication and team work among nursing students and nurses at Christian Fellowship Hospital, Oddanchatram.</li> <li>2. A qualitative study to evaluate the presence of a birth companion during labour and delivery on the experience of the mother, birth companion, outcome of delivery and perceived experience of the health workers involved in the delivery, among mothers delivering at Christian Fellowship Hospital in Oddanchatram, Dindigul.</li> <li>3. An experimental study to evaluate the effectiveness of pre-conception care module among students in selected colleges at Dindigul district, Tamil Nadu.</li> </ol>

23	<p><b>Mr. Ghanshyam Jangir</b>          Medical Surgical Nursing          Nursing Tutor          Govt. College of Nursing, S.P.          Medical College &amp;          Associated Group of Hospitals,          Bikaner. (Rajasthan)</p>	<ol style="list-style-type: none"> <li>1. A study to assess the effectiveness of Chemo - support (nurses led intervention) in prevention and minimizing chemotherapy induced side effect to improve quality of life among patient receiving chemotherapy at selected hospital.</li> <li>2. A study to assess factors predicting health related quality of life among patients with myocardial infarction visiting to follow-up at cardiac department of selected hospital.</li> <li>3. A Study to assess effect of Nurses led education programme on anxiety and depression on managing side effect of chemotherapy and radiation therapy among cancer patient visiting selected Hospital.</li> </ol>
24	<p><b>Ms. Divya Varghese</b>          Community Health Nursing          Assistant Professor, St. Johns College          of Nursing, Bangalore</p>	<ol style="list-style-type: none"> <li>1. Development and Validation of a Nutritional assessment tool among children (NATC) and to estimate the prevalence of malnutrition among underfive children.</li> <li>2. Multicomponent intervention to prevent mobility disability in frail older adults: Randomised Controlled Trial.</li> <li>3. A comparison on effects of Jigsaw technique and problem based learning as teaching strategies in development of critical thinking among Baccalaureate students</li> </ol>
25	<p><b>Ms. Ambili Venugopal</b>          Pediatric Nursing          Tutor          College of Nursing          AIIMS, Kalyani, West Bengal</p>	<ol style="list-style-type: none"> <li>1. A study to develop and test the effectiveness of neuro-palliative care guidelines for parents of children with life-limiting neurological disorders on Health Related Quality of Life of children and parental attitude towards care of child.</li> <li>2. A study to evaluate the effectiveness of flipped classroom teaching method on Knowledge Acquisition, Critical thinking, Retention among nursing students in a selected College of Nursing.</li> <li>3. A study to assess the effect of nurse- administered Preterm Care Package (PCP) at discharge in terms of growth and development during infancy.</li> </ol>

26	<p><b>Ms. Suman</b>  Pediatric Nursing  Tutor, College of Nursing  AIIMS- New Delhi  17<sup>th</sup> batch- PhD scholar INC</p>	<ol style="list-style-type: none"> <li>1. A randomized controlled trial to determine the effectiveness of Mother-Newborn care (MNC) mobile application on infant and maternal outcomes among mother-newborn dyad discharged from AIIMS, New Delhi.</li> <li>2. Early developmental supportive care vs usual care in preterm infants and families in level III neonatal Intensive care unit (NICU) setting in AIIMS, New Delhi.</li> <li>3. A randomized controlled trial to assess impact of structured school based health education programme on knowledge, attitude and behavior towards non-communicable diseases among adolescents in selected school of Delhi.</li> </ol>
27	<p><b>Ms. Vanita</b>  Pediatric Nursing  Nursing officer  AIIMS NEW DELHI</p>	<ol style="list-style-type: none"> <li>1. A longitudinal randomized control trial to assess the effectiveness of <b>EMCI</b> (Early motor and cognitive intervention)program on developmental status in infants operated for CCHD(congenital cyanotic heart disease).</li> <li>2. Pediatric Education Discharge Support Services (PEDSS) vs standard discharge teaching for newly diagnosed children with cancer on symptoms and management of complications faced at home in tertiary care centre.</li> <li>3. A randomized controlled trial on effect of Paladi feeding versus standard feeding practices on feeding related complications among babies with cleft lip and cleft palate: PARALLEL GROUP AND RANDOMIZED CONTROL TRIAL.</li> </ol>
28	<p><b>Ms. Neethu Paul</b>  Medical Surgical Nursing  Assistant Professor  Medical Surgical Nursing  St. John's College of Nursing,  Bangalore</p>	<ol style="list-style-type: none"> <li>1. A mixed method study on symptom experience, disease activity and self efficacy of lupus patients and development and validation of a burden assessment tool specific to Indian population</li> <li>2. A mixed method study to explore the lived in experiences and quality of life of lupus patients admitted in selected hospitals and to develop and validate a lupus specific quality of life tool</li> <li>3. A mixed method study to explore burden and its contributing factors among care givers of patients diagnosed with systemic lupus erythematosus (SLE) seeking services at selected hospitals with a view to develop an empowerment programme for care givers.</li> </ol>

29	<p><b>Ms. NisaGopidas</b>          OBG Nursing          GD Matron          Military Hospital Kota, Rajasthan</p>	<ol style="list-style-type: none"> <li>1. A study to assess the effectiveness of midwifery care bundles on selected foeto-maternal outcome parameters among selected labour room clientele receiving maternity services in India.</li> <li>2. A study to explore nurses' knowledge on a spectrum of lactation issues with a view to develop an e-training module on lactation management for midwives.</li> <li>3. A study to assess the health status and lifestyle of adolescent children of higher secondary schools in Rajasthan to develop a need based preventive prescription template for health behaviour modification.</li> </ol>
30	<p><b>Ms. Aniamma Abraham</b>          OBG Nursing          NURSING OFFICER,          F.H.C ARALAM FARM TRIBAL          AREA, KANNUR DT. KERALA</p>	<ol style="list-style-type: none"> <li>1. A study to assess the effectiveness of video assisted teaching regarding substance abuse on knowledge, attitude and foeto-maternal outcomes, on pregnant mothers and their partners in selected tribal community in Kerala.</li> <li>2. A study to assess the effectiveness of video assisted sex education module in adolescent children to prevent adolescent marriage, adolescent pregnancy and related health issues in selected tribal community in Kerala.</li> <li>3. A longitudinal study to identify the existing maternal and newborn care practices among tribal women; and to assess the effectiveness of video assisted teaching about safe maternal and newborn care practices on knowledge and practices of maternal and newborn care among postnatal mothers of selected tribal community in Kerala.</li> </ol>
31	<p><b>Ms.Gloria Thomas</b>          Psychiatric Nursing          Professor/ Vice Principal          College of Nursing          St Martha's Hospital          No 5, Nrupathunga Road          Bengaluru, Karnataka</p>	<ol style="list-style-type: none"> <li>1. Development and evaluation of need based nursing intervention to reduce behavioral problems among children with developmental delay and improve coping strategies, wellbeing among mothers of children with developmental delay - a mixed method approach</li> <li>2. A study to assess the effectiveness of telenursing intervention on medication adherence, symptom severity and prevention of relapses among people with schizophrenia in a selected hospital at bengaluru</li> <li>3. Development and evaluation of virtual game based simulation to improve the psychiatric nursing learning outcomes among undergraduate nursing students.</li> </ol>

32	<b>Mr. Sharanabasappa S Hipparagai</b> Psychiatric Nursing	<ol style="list-style-type: none"> <li>1. A study to evaluate the effectiveness of integrated nursing interventions on reduction of alcohol use among persons with alcoholic liver disorder (ald): a prospective study with 6 months follow-up</li> <li>2. A study to assess the effectiveness of psychosocial nursing interventions along with nicotine patch in quitting tobacco among tobacco users who are visiting tobacco cessation centres, at vijayapura, Karnataka : a prospective study with 6 months follow-up</li> <li>3. A study to assess the effects of integration of simulation based learning into psychiatric nursing education and their challenges and cost effectiveness in adapting into nursing institutions and efficacy with knowledge gain and satisfaction among undergraduate students in selected nursing institutions of Vijayapura, Karnataka</li> </ol>
33	<b>Ms. Shalini Chandran</b> Medical Surgical Nursing Professor College of Nursing Christian Medical College, Vellore	<ol style="list-style-type: none"> <li>1. A mixed method study to assess the psychosocial concerns of patients after mastectomy and to compare their quality of life, self esteem, upper limb function, psychological distress with patients after breast conservation surgery.</li> <li>2. Effectiveness of comprehensive nursing intervention on upper limb function, risk reduction practices for lymphedema, psychological distress and self efficacy of patients after mastectomy</li> <li>3. Effectiveness of Comprehensive nursing care and counseling on the emotional state and resilience of patients after mastectomy.</li> </ol>
34	<b>Ms. Saritha Joseph</b> Medical Surgical Nursing Associate professor St Joseph's College of Nursing Kothamangalam	<ol style="list-style-type: none"> <li>1. Prevalence and risk factors of stress incontinence and the effectiveness of behavioural therapy on stress incontinence, quality of life and lifestyle practices of women with stress incontinence</li> <li>2. Prevalence of Irritable bowel syndrome (IBS) and the effectiveness of a symptom reduction package on quality of life, lifestyle practices, work productivity and activity impairment of people in the early adulthood with IBS.</li> <li>3. Effectiveness of lifestyle change program on risk reduction and quality of life of adults with metabolic syndrome.</li> </ol>

35	<p><b>Ms. Jincy Liz Thomas</b>  Pediatric Nursing  ASSISTANT PROFESSOR  SREE GOKULAM NURSING  COLLEGE  TRIVANDRUM</p>	<ol style="list-style-type: none"> <li>1. A mixed method study to explore the children's and caregiver's experiences and perceptions of self management of asthma and to assess the effectiveness of a nurse guided homecare pathway on asthma control, self management and quality of life of children with bronchial asthma.</li> <li>2. An experimental study on healthy eating and active lifestyle intervention program on physiological parameters of children with obesity.</li> <li>3. A cross sectional descriptive study on impact of maternal SARS- CoV 2 infection during pregnancy on neurobehavioral development of children aged 1 to 5 yrs</li> </ol>
36	<p><b>Ms. Juby Rose Kuriakose</b>  Pediatric Nursing  Professor  St. Philomena's College of Nursing,  Bengaluru.</p>	<ol style="list-style-type: none"> <li>1. A study to Explore the Caregivers Experiences with the Discharge Education and Evaluate the Efficacy of the Nurse Facilitated Comprehensive Discharge Instructional Module on Knowledge, Readiness for Discharge, Quality of Teaching and Post Discharge Coping Difficulty among Caregivers of Children Diagnosed with common Medical and Surgical conditions in selected hospitals, Bengaluru.</li> <li>2. An Exploratory Study to Identify the Challenges, Barriers, Facilitators, Role Perception and Educational Needs affecting the Nurses Quality Of Decision Making In Paediatric Triage Process among Nurses working in Paediatric Emergency Unit and to evaluate the Effectiveness of the Competency Based Triage Interventional Package on Critical Thinking Disposition, Knowledge, Attitude, Performance and Satisfaction among Staff Nurses of selected Hospitals, Bengaluru.</li> <li>3. A study to Assess the Influence of Nurses Partnership with Parents, their Attitude to Families Importance in Nursing Care and Professional Self-efficacy on Quality of Paediatric Nursing Care and the effect of Family - Centered Empowerment Model Intervention on Knowledge, Attitude , Care Burden and Satisfaction among Parents of children diagnosed with Cancer in selected hospitals, Bengaluru.</li> </ol>
