Candidates in service shall forward application along with the consent of the guide with name, signature & seal and a No objection Certificate from the Head of the Department and Head of the Institution where the candidate is working. (Place of work) while submitting the application alongwith the documents mentioned under schedule for the candidates.
- III. All applications received by the Nodal Centre on or before the stipulated time and date shall be placed before the Academic Review Committee. The Committee shall examine the applications and after screening process shall recommend University for provisional registration within three months from the last date notified for the receipt of applications.

Provisional registration shall be effective from the date mentioned as the last date for payment of prescribed fees in the concerned speciality for the selected candidates fee once paid shall not be refunded.

- IV. No candidate shall, without previous permission of the Ph.D. Consortium registration committee join any other course of study or appear for any other examination conducted by the University or by any other University during the period of registration.
- V. With prior permission from National Consortium, candidate can change place of work.

ACADEMIC REVIEW COMMITTEE

The Academic Review Committee will consist of (i) Dean of the Faculty of Nursing of RGUHS (ii) Selected Consortium Members, (iii) one subject expert. (iv) Director (R & D) of RGUHS.

DURATION

A candidate can register for Ph.D. course on part time basis.

- i. A candidate should complete research work and submit the thesis to the University within five years from the date of provisional registration.
- ii. Maximum period for submission of thesis will be Seven years from the date of provisional registration subject to the permission from the Ph.D. Registration Committee on the recommendations of the guide and with the approval of the Ph.D. consortium. There will be no provision for further extension of the period.
- iii. Under extraordinary circumstances, affecting a student warranting extension of period after submission of thesis, the student should submit an application to the Registrar (Evaluation) through the guide who will refer the same to the Ph.D. registration Committee for its opinion, which will be submitted to the High Power Committee. The decision of the Vice Chancellor in the matter shall be final.

PROGRESS REPORT

After provisional registration, every candidate shall submit half yearly progress report regularly through the guide and Head of the institution where study is being carried to the Nodal Centre, National Consortium.

Every such half yearly report shall be submitted for the period from 1st January to the end of June & from 1st July to the end of December. However, the first report for the fraction of six months period shall be submitted ending either in June or December.

The half yearly progress report shall cover the following aspects:

- a) Progress in the review of literature
- b) New data acquired or theoretical background/techniques developed
- c) Progress/Standardization in research methodology
- d) Discussion of the work done

If the candidate fails to submit two consecutive half yearly progress reports in time, his/her provisional registration shall stand cancelled.

If two consecutive half yearly progress reports are not satisfactory, the National Consortium may recommend to the University for cancellation of the registration.

PRE Ph.D. EXAMINATION

The provisional registration of the candidate shall be confirmed only after he/she has passed the pre Ph.D. examination which shall be conducted after the completion of one year from the date of provisional registration of the candidate.

The scheme of Pre Ph.D. examination to be conducted by the National Consortium shall be as follows.

Sl. No.	Subject	Duration	Marks	Conducted by
Paper I	Research Methodology & Applied Statistics	3 hrs	100	R. G. U. H. S.
Paper II	Nursing Science & Theory Development	3 hrs	100	R. G. U. H. S.
	Seminar/Term paper in the area of research (Internal assessment)	-	100	National Consortium
	Viva Voce (Proposal defense)*	-	100	National Consortium

** > = 60% of marks will be considered as pass*

Note: 70% attendance is compulsory for contact hours. If the student does not have 70%, he/she will not allowed to appear for the examination, however they have to make up for the same next academic year.

The syllabi for both the papers shall be as prescribed by the Indian Nursing Council.

PROCEDURE FOR PRE PH.D EXAMINATION

- a) The Ph.D. Consortium Core Committee shall prepare a panel of both external & internal examiners and will constitute the Board of Examiners for the conduct of the Pre Ph.D. examination.
- b) The Board of Examiners for the Pre Ph.D. examination consists of the following:
 1. There shall be double valuation of the answer scripts of Paper I and Paper II by the same examiners who have set the question papers. The marks list shall be sent by the examiners directly to the Nodal Centre and forwarded to Registrar (Evaluation) through Research & Development coordinator.
 2. If the difference of the marks in valuation between the two examiners exceeds 15% of the concerned answer scripts, the same will be valued by the third examiner. The marks awarded by the third examiner shall be sent to the Nodal

Centre and forwarded to Registrar (Evaluation) through Research & Development coordinator for the announcement of results.

3. The viva-voce (proposal defense) examination shall be conducted in presence of the panel consisting of:
 - i) Two examiners (Subject Experts) appointed by Consortium
 - ii) Guide/Co-Guide
 - iii) A representative from R & D of R.G.U.H.S.

As far as possible, the Proposal Defense (viva voce examination) shall be conducted in the respective Study Centre.

1. The candidate shall be declared as successful in the examination if he/she secured not less than 60% of marks in each paper.
2. In case the candidate is not successful in the Pre-Ph.D. examination in the first attempt he/she may be given one more chance to appear for entire examination after a period of six months. Further, if he/she is unable to attend or appear in the supplementary examination, then he/she has to appear in the next regular examination, after that he/she will not be permitted to sit in the examination.
3. If the candidate is not successful in the Pre-Ph.D. examination, even in the second appearance, his/her provisional registration shall stand cancelled.

RESEARCH GUIDE

The candidates may select the guide from the list of guides recognized by the Ph.D. Consortium (placed under Annex-VI).

To be considered as a guide by the consortium shall be a nurse:

- Shall be working in PG teaching institution found suitable under section-13&14 of INC Act.
- Shall be M.Sc in Nursing completed from institution found suitable under section - 13&14of INC Act.
- with Ph.D. degree in Nursing with 5 years PG teaching experience as a Lecturer and above with minimum 5 scientific publication in National/International Journals.
- Expert in the subject of specialty chosen by the candidate

As far as the guides are concerned they would be ordinarily permitted to be guides until the age of 65 years and this is relaxable in exceptional cases.

Guide cannot have more than 8 candidates at any given point of time (including the candidates from other universities).

Irrespective of the Institution/University where the guide is working, if the guide fulfils the norms prescribed by the Consortium he/she can be recognized as Guide from the University/Consortium residing anywhere in India.

Candidate can have Co-Guide from nursing or other discipline, if necessary.

The Ph.D. doctorate holders who are not formal teachers can be appointed as Co-Guides.

CHANGE OF GUIDE

Change of guide may be allowed within a period of less than two years. In extraordinary circumstances warranting change of guide, the guide and/or the student should place the facts before the Academic Review Committee for its opinion. The decision and the recommendations of the Academic Review Committee shall be final.

APPROVAL/RECOGNITION OF INSTITUTION

A candidate shall be permitted to pursue research for the degree of Doctor of Philosophy (Ph.D.) Nursing in an institution approved by INC, Ph.D. Consortium & RGUHS as per the list of the study centers enclosed (Annexure-VII).

SUBMISSION OF THESIS

Any candidate who has completed the minimum period of three years doing prescribed research from the date of his/her provisional registration and not less than three months before the expiry of the maximum period prescribed for submission of thesis may submit an application along with five copies of synopsis of the thesis through the Guide, the Head of the participating institution to the Ph.D. Registration Committee for permission to submit the thesis under intimation to the Chairperson of the Board of PG Nursing Studies and to the Nodal Centre.

After the approval, four copies of the approved final synopsis (hard copy/CD) shall be sent by the Ph.D. Registration Committee to the Registrar (Evaluation) who shall proceed with the Constitution of Board of Examiners for the adjudication of the Ph.D. thesis and keep it ready prior to the submission of the thesis.

Every candidate shall submit with his/her application, five copies (one copy for the Ph.D. Consortium) of the thesis embodying the results of the research carried out by him/her within six months after the submission of the final synopsis.

A candidate may also submit along with his/her thesis papers published by him/her embodying the results of investigation for the Ph.D. degree and also any other contribution/s to the knowledge of his/her subject or any cognate branch of the subject.

Every candidate shall submit with his/her thesis, a certificate from the guide/s under whom he/she worked, that the thesis, submitted is a record of research work done by the candidate during the period of study under him/her that it has not previously formed the basis for the award of any degree or diploma, associateship/fellowship or any other similar award.

If, however, the thesis submitted has formed in part the basis for the award of previous research degree the candidate shall clearly set forth in a preface or written statement the portion(s) which have formed the basis for the award of the previous degree.

Along with the thesis the candidate will also produce a “No Due Certificate” from the Chairman/Head of the Department and Head of the Institution where he/she has worked and from the University Librarian and Finance Section

Ph.D. EXAMINATION

For the adjudication of Ph.D. thesis there shall be a Board of Examiners of two external members to be chosen by the University, from the panel of examiners recommended by the Ph.D. Consortium. The guide shall be the Chairperson of the Board of Examiners. However, under extraordinary circumstances, the Ph.D. Consortium may appoint a Chairperson other than the Guide from the panel of Board of Examiners.

Each external examiner appointed to adjudicate the thesis shall send the report to the Chairperson within two months from the date of receipt of the thesis. Such reports should include:

- a. A critical account of the work of the candidate as embodied in the thesis and the evaluation of the work in term of its contribution to the advancement of knowledge.
- b. Details of any questions to be asked or points to be clarified at the Viva-Voce examination.
- c. Definite recommendations as to whether the Ph.D. degree should be awarded or not.

The Chairman shall forward to the Registrar (Evaluation) the individual reports of the examiners along with the consolidated recommendations of the Board of Examiners.

If both the examiners give definite recommendations against the award of the degree, the thesis shall be rejected. If one of the examiners gives a definite recommendation against the award of the degree the thesis may be referred to third external examiner, from out of the panel recommended by the Consortium. If the report of the third examiner is favourable, then the candidate shall be eligible to appear for the Viva-Voce examination and if it is not favourable, then the thesis shall be rejected.

If one of the examiners makes qualified recommendations with valid reasons (for e.g. to resubmit the thesis after suitable modifications), the Chairman shall communicate the same to the Registrar (Evaluation), who will in turn intimate the candidate for resubmitting the thesis of the suitable modifications within six months from the date of communication. The resubmitted thesis with suitable modifications will be sent to the same examiner and the reports received thereon by the Chairperson shall be communicated to the Registrar (Evaluation).

No candidate shall, however, be permitted to submit the thesis more than two times.

The thesis may be published in any form after obtaining necessary permission from the University.

VIVA-VOCE EXAMINATION

Viva-Voce examination shall be conducted after the receipt of the satisfactory report, on the thesis from all the examiners. The viva voce examination shall be conducted by a Board constituted as follows.

- i. Guide/Chairperson
- ii. Guide/Co-Guide (in case Guide is not the Chairperson)
- iii. At least one of the external examiners shall be present at the Viva-Voce examination. However, under extraordinary circumstances, where any external examiner cannot be present at the Viva-Voce examination, the Vice-Chancellor may appoint any external substitute examiner from the panel constituted by the Consortium.

Teachers and research scholars of the concerned departments/institutions may be invited as observers only to attend the Viva-Voce examination.

The Viva-voce examination is primarily designed to test the understanding of the candidate of the subject matter of the thesis including methodology employed and his/her competence in the general field of study. Since the points raised by the examiners of thesis are to be clarified during the Viva-Voce examination, the report of the examiners who are adjudicated the thesis will be made available to the Board for Viva-Voce examination. The candidate shall produce all the relevant documents, materials, preparations etc, concerned with the research project during Viva-Voce examination.

Members of the Board for the Viva-Voce examination shall report specifically on whether the candidate's performance on the examination is satisfactory and therefore be considered as accepted or nor accepted.

A candidate who is not successful at the Viva-Voce examination may be permitted to undergo the Viva-Voce examination for a second time after a period of three months. No candidate shall be permitted to take the Viva-Voce examination on more than two occasions.

AWARD OF Ph.D. DEGREE

The degree will be awarded Rajiv Gandhi University of Health Sciences, after the candidate successfully completes Viva-Voce examination, the Chairperson shall consolidate the recommendations for the award of Ph.D. degree based on the following.

- i. The report of examiners who adjudicated the thesis

- ii. Evaluation of the candidate's performance in the Viva-Voce examination

The Chairperson shall forward the consolidated and individual reports to the Registrar (Evaluation), Rajiv Gandhi University of Health Sciences. Based on these reports the University shall award the Ph.D. degree after the recommendations are approved by the Vice-Chancellor.

ANNEXURE –V

Guidelines for preparing thesis protocol (Preliminary Synopsis)

Preparing the protocol or preliminary synopsis is an initial but an important step for carrying out research work and for writing a thesis the award of Ph.D. degree. The following is intended to help you in preparing the protocol.

1. TITLE OF THE TOPIC:

The title should be brief as possible but should carry as much information as required.

2. BRIEF RESUME OF THE WORK:

- a) Give brief introduction to the work you intend doing by focusing OR present literature on the subject, gaps in the knowledge, if any, and the reasons for undertaking the study. You may have to quote a few references or other studies (About 100-500 words of introduction).
- b) State the research question.
- c) Give the objectives of the study. The objectives usually should not be more than 2 to 4 and should relate to the points or key questions raised in introduction (about 50-300 words for objectives).
- d) Review of the literature and give 10-15 references pertaining to the subject and work already published. It should be related to the objectives of the study.

3. MATERIAL AND METHODS: (About 500 words)

Briefly explain the source from which you would collect data for the study. For example, in clinical settings, it may be patients in hospitals, or in community settings, or it may be households or it may be a laboratory based study.

Describe the method of collection of data. For instance, it may be interview or study of records or by animal experiments or by performing tests or laboratory investigations or even through some intervention. In case of human or animal study, mention the inclusion and exclusion criteria. If there are any ethical issues involved, mention them and state how you intend to overcome.

If you are taking a sample, mention the sampling procedure and sample size.

Thus it is important to mention the subjects of your study, parameters and the procedures.

Give the operational definitions.

4. Results (In case if some preliminary studies have already been conducted)

5. SUMMARY & CONCLUSION (In case if some preliminary studies have already been conducted)

6. REFERENCES:

Give about 4-6 references or articles quoted in your introduction or those related to your study. Follow the guidelines given in Annexure IX for writing references.
